Funmilola Showumi

Lagos, Nigeria | Open to Remote & International Roles

Frontend Software Engineer | React | Next.js | TypeScript | JavaScript | +2349036423694 | Email : showumifunmilola@gmail.com | Portfolio: https://funmilola-showumi-portfolio.netlify.app/ | GitHub : https://github.com/yourgirltech | LinkedIn : https://www.linkedin.com/in/funmilola-showumi-01b385284/

Professional Summary

Frontend Software Engineer specializing in React, Next.js, TypeScript, JavaScript, and Supabase. Built production-ready SaaS, e-commerce, and event platforms featuring authentication, payment integration, analytics, and scalable frontend architecture.

Technical Skills:

Frontend: JavaScript (ES6+) • TypeScript • React • Next.js • HTML • CSS • Tailwind CSS • Bootstrap

Backend & Cloud: Supa base • PostgreSQL • REST API's • Supa base Edge Function

Developer Tools: Git • GitHub • Netlify • VS Code • Figma • AWS • Claude code • Cursor

Libraries: Framer Motion • GSAP • Recharts • PapaParse • SheetJS •Three.js

Selected Software Engineering Projects

Finance Flow – Personal Finance SaaS

Live: **https://inandoutfinanceflow.netlify.app/**

GitHub: https://github.com/yourgirltech/FinanceFlow

Built a production-ready personal finance SaaS featuring authentication, multi-currency budgeting, CSV/Excel imports, analytics dashboards, and a custom financial insights engine. Designed modular business logic to support future database migration.

Atlas – Full-Stack Travel Discovery Platform

Live : https://atlas-gamma-seven.vercel.app/

GitHub : https://github.com/yourgirltech/Atlas

Built a full-stack travel discovery platform using Next.js, React, TypeScript, Tailwind CSS, Supabase, and PostgreSQL. Developed secure authentication, reusable UI components, and optimized database integration to deliver a responsive, scalable user experience.

Style & Glitz — Luxury E-commerce Platform

Live: **https://styleandglitz.netlify.app/**

GitHub : https://github.com/yourgirltech/Styleandglitz

Built a full-stack luxury e-commerce platform with authentication, shopping cart, Wishlist, secure checkout, order management, an admin dashboard with product CRUD, media uploads, Supabase PostgreSQL, and Row Level Security (RLS). Also Integrated Pay stack payments via Supabase Edge Functions and designed a responsive luxury shopping experience.

Professional Experience

Frontend Developer

Sunmence Web Agency ***(2024 – 2026)***

Developed and maintained responsive web applications, building reusable UI components, integrating RESTful APIs, collaborating with designers and backend developers to deliver new features, improving application performance, responsiveness, and accessibility, maintaining and debugging existing codebases, using Git and GitHub for version control, and participating in Agile development through sprint planning, daily stand-ups, and code reviews.

Frontend Developer Intern

Sunmence Web Agency **(May 2023 – Nov 2023)**

Assisted in developing and maintaining responsive web applications using modern frontend technologies, collaborating with designers and senior developers to implement features.

Education

Bachelor of Science (B.Sc.) in accounting
Ladoke Akintola University of Technology (2026)
